

DANNAR®

POWER TO TRANSFORM

<https://ww2.arb.ca.gov/farmer>

The FARMER (Funding Agricultural Replacement Measures for Emission Reductions) Program thru CARB received \$132 million to reduce emissions, with \$4.65 million designated for 18 specific air districts. The bill provides funding for agricultural

harvesting equipment, heavy-duty trucks, agricultural pump engines, tractors, and other equipment used in agricultural operations. The administration of the FARMER Program is handled through the local air districts and local air districts select which projects to fund.

Ag Equipment Incentive Funding is Available Now

FARMER Program funding is available to help fund purchases of cleaner agriculture-related equipment like harvesting equipment, heavy-duty trucks, agricultural pump engines, tractors, and other equipment used in agricultural operations.

Funding Agricultural Replacement Measures for Emission Reductions (FARMER) Program

Provides financial incentives to reduce emissions from the agricultural sector, yielding positive health impacts for farmers and their communities.

- While CARB sets FARMER program minimum requirements, you will work through your local air district for funding new agricultural vehicles and equipment.
- For program updates, including application deadlines, eligible equipment types, funding availability, and how to receive automatic email updates, visit arb.ca.gov/farmer
- You can also contact your local air district with questions. To find your local air district's contact information, go to: arb.ca.gov/farmer

For application support to FARMER, contact Robert Blumenfeld rblumenfeld@dannar.us.com
